## Bugaboo frog manual instructions

1bugaboo frog instructions for using dear parents and other users,Congratulations on the purchase of this Bugaboo frog. We also bought to make it safe, convenient and forsaken to use; Please read these instructions carefully before using them for the first time. We'd love to hear your comments on the design, usage, instructions or anything else you feel will improve it. Also, Bugaboo Customer Service in [service@bugaboo.us](mailto:service@bugaboo.us) can answer questions about BugabooFrog.important your new user guide only applies for Bugaboo Frogs with item code 38022201, which can be found on the serial number sticker on the central meadel of the Andarium. Stroller, baby stroller, buggy compatible with ASTM F833-05a.Your child safety may be affected if you fail to follow these instructions. Read them carefully before using your Bugaboo frog and save them for future reference. Get to know the action of your Bugaboo frog before using it. Never use force on your insect frog. If you are in problems, re-check the instructions or call BugabooCustomer Service 1-310-372-2976.The brake must only be used as a parking brake. Always engage in the parking brake before you fit your Frogaboo.Your Bugaboo frog is designed to carry one child who weighs less than 18kg. A Bugaboo frog with a crib is designed to carry one child who is under 6 months old, who weighs less than 10 kg and is less than 28 inches tall. The Bugaboo frog bag under the carriage is not intended to transport more than 8kg. The total weight hanging from the throne should not exceed 8lbs. The Bugaboo frog is only meant to carry one child. The insect frog is not a jogger. Don't run or run with the Bugaboo Frog.Do doesn't allow kids to play with or near Frogaboo.Use the wrist strap attached to the handlebars at any time. Always remove your child when adjusting locations or configurations of your Bugaboo frog. Adjusting while the child is at the scene can cause serious injury. BugABOO Frog Seat/Crib is not a car seat. Use an approved car seat when your child is driving a car. Graco and Peg Pro car seats are certified and match the Bugaboo Frog chassis used in the Bugaboo\* facility. See Section L (Optional Accessories). Remove your child from your Bugaboo frog before going up or down stairs, escalator or steep slopes. Lift the bugaboo frog's front wheels to move it up or down the pavements. The rods between the wheels are not designed to support weight. Standing on them is unsafe and stutter your Bugaboo frog.Keep your Bugaboo frog away from heat sources or an open flame. Be especially careful about burning cigarettes. The fabric used by your Bugaboo frog meets the flammable requirements of the California Bureau of Home Furnishings Technical Advisory 117. Use only bugaboo-recommended products and accessories described in Section L (optional accessories) with your new Bugaboo cart. Extended exposure to sunlight can cool some parts of A Frog.Do to expose your Bugaboo frog to extreme heat or cold. Bugaboo Frog's warranty is void in case of damage due to overload, improper folding, or use of accessories recommended by No Bugaboo. For more information, see the warranty form. Don't put your insect frog together in front of little kids. Make sure all safety devices are working properly. Use only spare parts supplied or approved by Bugaboo.BugabooTMand FROGTMare Trademarks of Bugaboo Design & Sales in the U.S., Inc., subject to license. Regularly check the handle and seat or cradle base for damage. Just using spare parts supplied or approved by Bugaboo.Folding the Bugaboo frog or accessories while still wet or storing them in a damp place can cause moss. If the inner tubes of the large wheels develop leaks you can fix them in the same way as an innertube bike. Well-stocked bike shops sell new internal pipes and right-sized tyres. Cleanse your Bugaboo frog with a damp cloth and light detergent. The walking focuses are particularly susceptible to dirt. Clean them regularly by removing them as described, rinsing with lukewarm water, then greasing them with silicone or Teflon spray and reinstalling them. You can't grease the wheel bearings. All Bugaboo Frog covers and calculus can be retractable and machine-attacked at most. Do not bleach, iron, clean dry or dry or tuck or cover. Always remove stiffness and removable foam parts before washing. Warning Always expect laundry instructions.accessoriesK accessories provided as StandardBugaboo Frog under bugaboo frog seat bag under the seat bag designed to carry a maximum of 8 kg. To adjust, see Diagram B5. Sun will be caught All babies have very sensitive skin. Never leave a baby unprotected in the sun! Use the sun canopy or parasolBugaboo shown in section L (optional accessories). Mosquito net Mosquitoes keep flies, mosquitoes and other insects away from your child. Attach it to the foot end of the seat/crib above the sun drum. Rain cover The rain cover protects your child from rain and wind. Attach it to the foot end of the seat/cradle frame above the sun drum. Remove the sun-paneled textiles to give your child an uninterrupted display. The rain sediment has a crockery; Slide the holes on both sides across the semost pins on the side of this frame/cradle. There's a vent on the front of the rain cover; For optimal ventilation ensure that &hook Loop fastened strips of the vent to meet well when pressed Under direct sunlight, temperatures below the sun's greenhouse can be uncomfortably warm. Warning to avoid uncomfortable heat build-up, lower rain cover when rhine stops. Warning Make sure ventilation is optimal by pressing the w &hook loop fas-teners of the rain cover vent together.
