GameBanana has articles 2 and 512 of the Digital Millennium Copyright Act (DMCA). C Is an online service provider. GameBanana respects the legitimate rights of the copyright owner and adopts efficient notification and up-and-take procedures at the request of the DMCA, as described here. This policy is intended to provide a guide for copyright owners to use the procedure and to guide users in restoring access to content that has been disabled due to errors. 1. Notice to owners of copyrighted works The DMCA provides legal proceedings requiring online service providers to disable access to content displaying copyrighted works without your permission. There are two parts to the legal process: (1) writing the appropriate DMCA notice and (2) sending the appropriate DMCA notice to gameBanana's designated agent. 1.1. How to write an appropriate DMCA notice The appropriate DMCA notice informs GameBanana of certain facts of the document signed under the penalty of perjury, which is called the Appropriate DMCA Notice. To create an appropriate DMCA notice, provide the following information: A) identify yourself as the owner of a copyrighted work, or B) a person authorized to act on behalf of the owner of an exclusive right that has been infringed. Include contact information, such as your true name, address, phone number, and email address. If you identify a work that you believe is infringing on a copyrighted work, or if you see a large number of works, here is a representative list of the works. Identify material that GameBanana claims infringes copyrighted works that require access to be disabled on the World Wide Web. Locate material on the world wide web by providing enough information for GameBanana to find material. It has a sincere belief that the use of the material in the way in which the complaint was filed is not available to the copyright owner, its agents, or by law. Under perjury, the notice says that the information in the notice is accurate. Sign the notice using a physical or electronic signature. 1.2. In order to exercise the DMCA's right to send the appropriate DMCA notice to the designated agent, you must send your appropriate DMCA notification to the following agents specified by GameBanana (the Designated Agent). Here is the contact information for GameBanana's designated agent: Thomas Pitrick tom@machinefloor.com Game Banana Co 2313 E Letterly St. Philadelphia, PA 19125GameBanana Designated AgentIt is also listed in the DMCA designated agent directory. What you do when you receive the appropriate DMCA NoticeGameBanana follows the procedures set out in the DMCA that stipulate notification and removal procedures, in accordance with the user's right to file a counter notice claiming the lawful use of invalid works. 1.4. Notices and Takedown Procedures All users of the GameBanana system are expected to comply with applicable copyright laws. However, if GameBanana is notified of a claim of copyright infringement or becomes aware of any facts or circumstances in which the infringement is apparent, we will respond promptly by removing or disabling any material that is claimed to be the subject of infringement or infringing activity. GameBanana will comply with the appropriate provisions of the DMCA if it receives a counter notification by its designated agent. 2. Notifications to users of the GameBanana Services In accordance with the Terms of Service that you agreed to when you were available to become a System User, you must use only legally acquired Creative Works as content, and submission of content may be invalidated when you receive a notification that infringing material will be displayed. GameBanana also respects the legitimate interests of users who lawfully use media content, present responses to allegations of infringement, and timely recover access to submissions voided by copyright claims. System usage rights may also be suspended. Dmca notices can be appealed by sending counter notifications as described below. 2.1. Create and send counter notifications If access to your submission is disabled due to the operation of the GameBanana notice and takedown procedure above, you will need to send a counter notification if you believe the deletion is inappropriate. 2.2. Create a counter notification If you want to write an appropriate counter notification, please enter the following information: Please note that the notification operation and cancellation procedure has disabled access to the website. Identify the deleted material and specify its URL before deleting it. States under penalty of perjury: A) your name, address, telephone number, B) you have a good faith belief that the material has been removed or invalidated as a result of an error or misanthronement of the material and C) you agree with the jurisdiction of the U.S. District Court in the Judicial District where the address is located. 2.3. Send counter notifications To exercise the DMCA's rights, you must send a counter notification to the Designated Agent of GameBanana. The contact information for GameBanana's designated agent is as follows: Thomas Pitrick tom@machinefloor.com GameBanana Co 2313 E Letterly St. Philadelphia, PA 19125GameBanana's designated agent is also listed in the DMCA Designated Agents directory.At its discretion, we will use all appropriate means to terminate user access to systems or networks that repeat the breach.
